

Mangroves for the Future
INVESTING IN COASTAL ECOSYSTEMS

GROUP EXERCISE

Session 4

Training Module on Climate Change considerations in the coastal zone and Disaster Risk Reduction

MFF Regional Training Course
Semarang, Indonesia
27-31 October, 2008

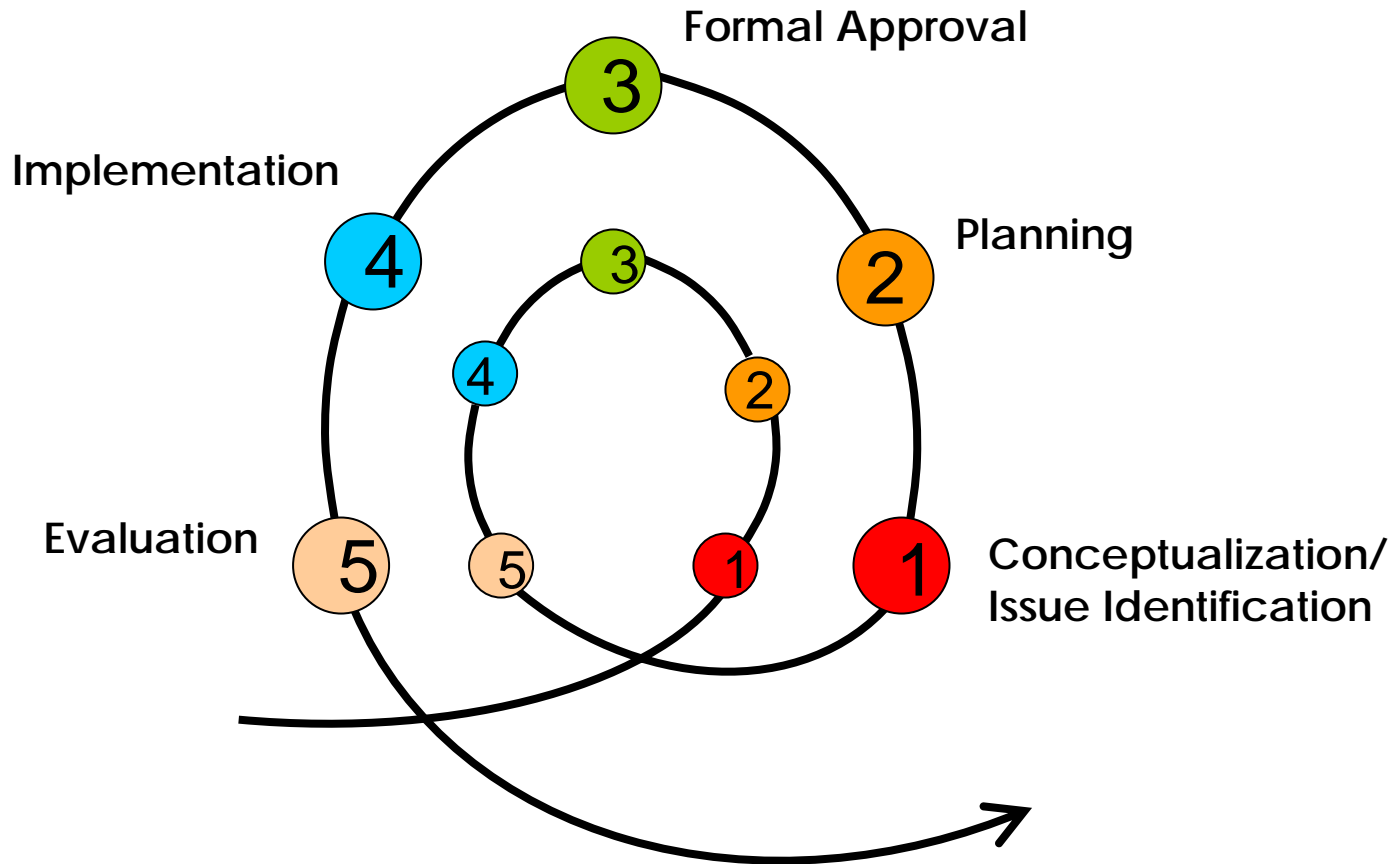

Exercise

- Step 1: Divide into 3 teams
- Step 2: Each team is required to select a community based DRR Project in a coastal area in Indonesia/Sri Lanka/India
- Step 3: Choose a TITLE of the project
- Step 4: Using the RISK MATRIX, Identify the risk in the project from natural disaster
- Step 5: Select risk reduction related ACTIVITIES which would aim at reducing the risk
- Step 6: Identify stakeholders to PARTNER with in order to implement the various activities
- Step 7: Each team would present at the end

Time: 45 Min + 30 Min

PROJECT CYCLE

Team 1: Title of the Project

Team 1: Identify Activities

- As part of the **Project Preparation Team Member**, Identify **3 Activities (atleast one of which should be ecosystem based)** which would reduce the identified risk of natural disaster

Sl. No.	Description of Activity
1	
2	
3	

Team 1: Identify stakeholders (at various levels) to partner with for undertaking Activities on DRR

- Identify the various **partners** with whom **collaboration** should be undertaken to implement the activities

Sl. No.	Partnership with stakeholders
Activity 1	
Activity 2	
Activity 3	

Team 2: Title of the Project

Team 2: Identify Activities

- As part of the **Project Preparation Team Member**, Identify **3 Activities (atleast one of which should be ecosystem based)** which would reduce the identified risk of natural disaster

Sl. No.	Description of Activity
1	
2	
3	

Team 2: Identify stakeholders (at various levels) to partner with for undertaking Activities on DRR

- Identify the various **partners** with whom **collaboration** should be undertaken to implement the activities

Sl. No.	Partnership with stakeholders
Activity 1	
Activity 2	
Activity 3	

Team 3: Title of the Project

Team 3: Identify Activities

- As part of the **Project Preparation Team Member**, Identify **3 Activities (atleast one of which should be ecosystem based)** which would reduce the identified risk of natural disaster

Sl. No.	Description of Activity
1	
2	
3	

Team 3: Identify stakeholders (at various levels) to partner with for undertaking Activities on DRR

- Identify the various **partners** with whom **collaboration** should be undertaken to implement the activities

Sl. No.	Partnership with stakeholders
Activity 1	
Activity 2	
Activity 3
